to transform the world

## CCO Ohio Director & Capital University Ministry with Mike & Beth Mattes

*"If you have any encouragement from being united with Christ, if any comfort from his love, if any fellowship with the Spirit, if any tenderness and compassion, then make my joy complete by being like-minded, having the same love, being one in spirit and purpose."*

- Philippians 2:1-2

## Student Transformation at Ocean City Beach Project Testimony of Francisca ("Franny"), Capital University Junior

*Trust in the LORD with all your heart, and do not lean on your own understanding. In all your ways acknowledge him, and he will make straight your paths. (Proverbs 3:5-6 ESV)*

"I learned a lot this summer. Like a lot! I am still yet to process most the things. It is one thing to know about identity but it another to feel it in your heart and live it out. I knew the fact that only God defines who I am before I came but I do not think that I fully understood what that meant until I came here. Being here has taught me what that truly means and how to live it out. I found that lately I pray I lot more than I did before I came. What I also found interesting is that prayer does not change who God is - but it transforms us. It is a big catalyst in the renewal of the mind. Prayer aligns my will with Gods will and draws my heart close to Him. It sets my heart on things that are of Him and in prayer I find my comfort and lively hood. Through prayer we can fully submit ourselves to God and relinquish all control to the Maker of All. You will be amazed at what He can do if we trust Him enough to show us who He is. I went from being a person who prayed only in times of distress to a young lady whose first response is usually prayer and now to a woman of God who prays for strangers who are placed on her heart. Another big thing for me has been worship. I knew that everything should be an act of worship but I never really lived it out. But now I try and worship God through every single thing. The beach project for me has been a stepping-stone to realizing that our faith is not just meant to be known but also to be lived with every bit of who we are." Please pray for Franny as she returns to Capital University and continues to be an agent of Christ's transformative work on campus, in the church and in the world.

## We Celebrate Life Wedding Celebration of Logan & Colleen

Logan and Colleen were two of our first student leaders in our ministry at Capital University. Over the past four years we lived "life-on-life" together. We met with Logan and Colleen for discipleship and engagement of God's word, facilitated Bible studies with them on campus, enjoyed the Jubilee conference together, invited them into our home to enjoy meals (and a bit of kid chaos) together. We celebrated a few birthdays and holidays together. And this past month – we enjoyed their wedding ceremony! Our four years together embodied the best of life-on-life discipleship and we look forward to how these two will go out and transform the world!

Thank you for being a part of our ministry with this incredible couple! Logan & Colleen now live in Portland where Colleen will be attending graduate school & Logan will be a nurse.
